### **Request for Name and Gender Change**

Consistent with Title IX of the Education Amendment of 1972, a student or parent/guardian may request a change of the student's listed gender, first name or middle name on their records. This form is to be completed and signed by the parent/guardian and the student and sent to the Supervisor of Student Services. Birth Name of Student \_\_\_\_\_ First Name Change Middle Name Change \_\_\_\_\_\_ Please list the gender as \_\_\_\_ MALE or \_\_\_FEMALE in the WCASD system. My child's name \_\_\_\_has or \_\_\_\_has not been legally changed. If the legal process to change the information has not been completed, WCASD can still make the changes in our PowerSchool system and the Pennsylvania Information Management System (PIMS) without legal documentation of a name and/or gender change. This form will cover the requested changes on the District's grading system, yearbook, diploma and transcript, as well as, data inputted into the PIMS system and other district related programs, from the date of the request going forward. However, please understand that if the student chooses not to change the student's name legally, the student's name on District documentation will not match the legal name, which has the potential to result in complications when he/she/they is applying to college, other post-secondary institutions, scholarships and certain job opportunities. We understand the change(s) that will be made in the WCASD and PIMS systems at our request and this decision was made solely by the parent/guardian and student. We further understand and accept the risk of potential complications that may result from the requested change(s). # ConfidentialGender Support Plan

The purpose of this document is to create shared understandings about the ways in which the student's authentic gender will be accounted for and supported at school. School staff, caregivers and the student should work together to complete this document. Ideally, each will spend time completing the various sections to the best of their ability and then come together to review sections and confirm shared agreements about using the plan. Please note that there is a separate document to plan for a student's formal gender transition at school.
