*Ramona Bessinger: Prisoner of Conscience*

Earlier today, [Providence RI Schools](#) confined [Esek Hopkins Middle School](#) English Teacher Ramona Bessinger to the faculty lounge in the basement for the entire school day. They are retaliating against Ms. Ramona for [exposing the radical indoctrination in the school](#).

On Wednesday, October 13, 2021, the school division held a disciplinary hearing for Ramona and no disciplinary action against her has been decided nor communicated. This is the same school division that the [Rhode Island Department of Education](#) had to take over its management [on November 1, 2019](#) due to abysmal performance!

No Left Turn in Education stands with Ramona Bessinger and all teachers who oppose the radicalization and indoctrination of young minds. We demand that [Providence RI Schools](#) and [Providence Teachers Union](#) immediately cease intimidating, harassing and threatening Ms. Bessinger. She must be reinstated immediately to her classrooms *AND* be issued a public apology.

NLTE supports all teachers of conscience!
