

## **No Left Turn in Education (NLTE) Forms Exclusive Coalition with Conservative Teachers of America - 'Back To The Schoolhouse'**

Philadelphia, Dec 16, 2022 - NLTE is excited to announce a new partnership with [Conservative Teachers of America](#) (CTA). The [Back To The Schoolhouse](#) coalition will mobilize and empower our nation's educators by providing them with professional development resources, legal expertise on constitutional issues regarding questionable policies and violations of local, state or federal regulations, and a secure whistleblower platform. The coalition will also facilitate networking opportunities for educators across the nation, specific to classroom challenges in K-12 education.

NLTE and CTA are dedicated to uniting communities and equipping educators with the tools to push back against radical indoctrination in both public and private schools. Advising and supporting educators in the classroom are instrumental in reviving American classical education.

Let's get ***Back To The Schoolhouse*** and ***Let Teachers Teach!***
